

North Carolina COVID-19 Vaccine Management System (CVMS) **Provider Portal**

Step 10 - Check-in recipients and document vaccination User Guide

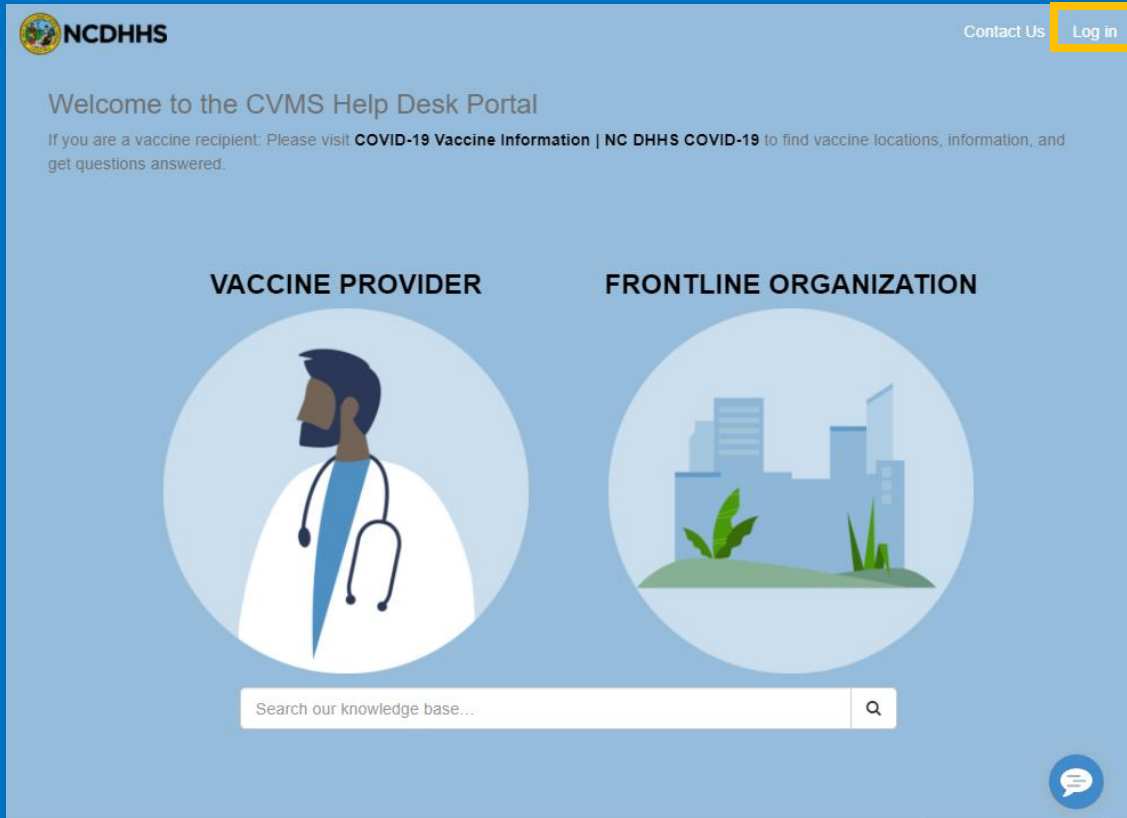

Version 19

December 17, 2021

NC DEPARTMENT OF
**HEALTH AND
HUMAN SERVICES**

If you have any questions, issues or requests, please go to the CVMS Help Desk Portal* at

https://ncgov.servicenowservices.com/csm_vaccine

You can also call the NC Vaccines Help Desk at **(877) 873-6247** and select option 1.

The NC Vaccines Help Desk is available during the following hours:

Monday to Friday: 7 am – 7 pm ET

Saturday: 8 am – 4 pm ET

* On the home page of the CVMS Help Desk Portal, select **Login** at the top right-hand corner, then select the "**Vaccine Provider**" option to submit your question, issue, or request.

Providers that are first time users of the CVMS Help Desk Portal will have to follow the steps below:

1. Register for an account by clicking '**Login**' then '**Register**' on the left side of the screen
2. Populate your first name, last name, and business e-mail
3. You will receive an e-mail with your username and temporary password to log into the portal

In this User Guide, we will discuss how the Healthcare Provider will be able to create recipient records, register recipients, book appointments for recipients, record the details of their vaccine administration, edit the recipient’s information or vaccine administration details, and view the recipient’s vaccine information.

It is important to note that to document a recipient Vaccine Administration in CVMS, the recipient **MUST BE** registered in CVMS. Registered in CVMS means the Recipient Record is found in CVMS, and the **COVID-19 Vaccine Registration** form is complete.

This set of activities can be performed by a user with a **HEALTHCARE PROVIDER, HEALTHCARE LOCATION MANAGER, or Statewide Location Manager.**

If your location enabled the scheduling feature in CVMS, please also check the [Scheduling Feature at Point of Care and Vaccine Administration](#) section of this guide.

Now, let’s get started!

Checking-in a Recipient at the Front-desk of the Point of Care

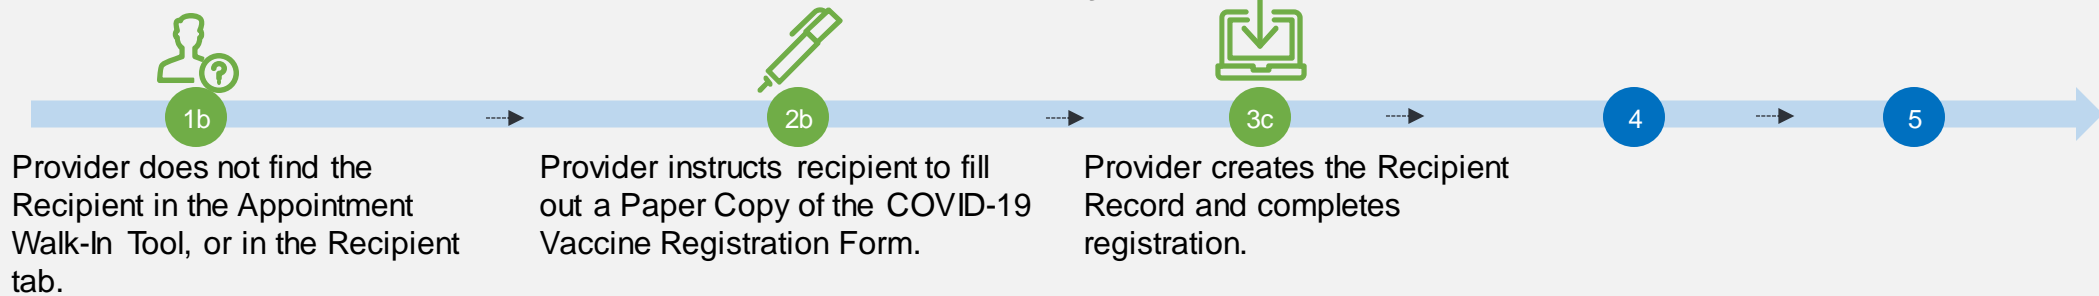

Appointment Walk-In Booking Process

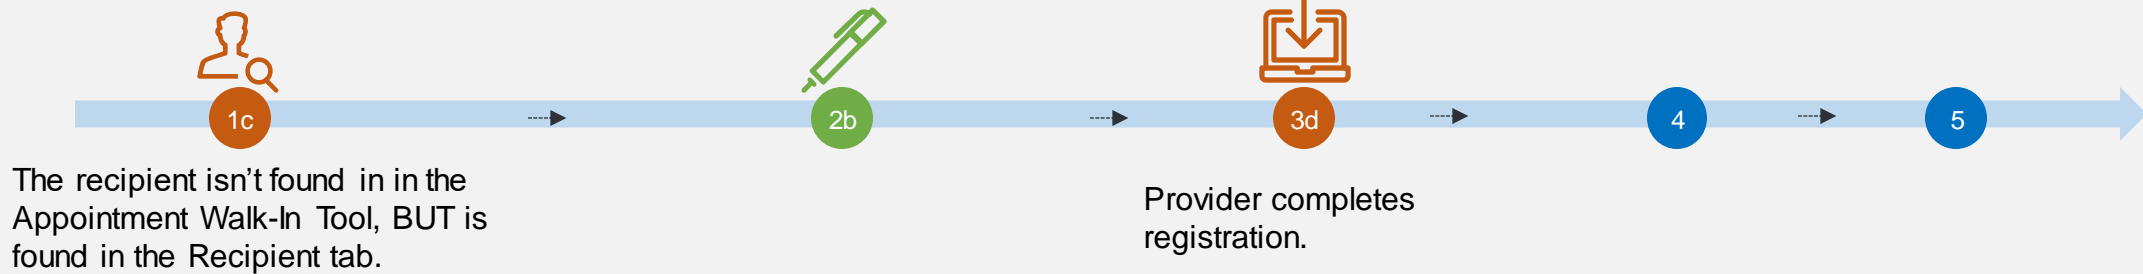

Standard Appointment Walk-in Booking – Recipient Already Registered on COVID-19 Vaccine Portal

Exception 1 – What if the Recipient Record is not yet Created?

Exception 2 – What if the Recipient Record is Created, but Recipient did not Complete Registration?

Confirm Location of Operations

(only for users associated to multiple locations)

Step 1 of 4: Verify Location for Operations

Before you begin logging checking in recipients for **VACCINE ADMINISTRATION**, you will need to verify which location you are operating from.

The current location you are operating from is displayed at the top left of the screen. If the location is correct, no further action is required.

Tips

If you have access to **multiple locations in CVMS**, be sure to look at the location you are operating in by looking at the **top left of the screen under the Tabs bar**.

If you need to change the location to match where you are operating for the day, select the **SWITCH LOCATIONS** button and choose the applicable location.

Step 2 of 5: Search for the Recipient

Appointment Walk-In

You can search for eligible individuals by name, date of birth and email. Note that the system will search on exact matches only, no partial.

Name

Walkin Example

Date Of Birth

MM/DD/YYYY

Email

Search Email

Search

To get started, you will search for the **RECIPIENT** to help you **VERIFY IDENTITY** before creating their appointment.

1. Enter the recipient’s **NAME, DATE OF BIRTH** and / or **EMAIL ADDRESS** in the Appointment Walk-in Tool located on the Home Page
2. Only one field is required to search
3. Click **SEARCH**

Audience

- Healthcare Provider
- Healthcare Location Manager
- Statewide Location Manager

Tips

To narrow your recipient search results, you can enter all search fields to help you find the recipient faster.

Note: To document a recipient Vaccine Administration in the CVMS Provider Portal, the recipient **MUST BE** registered in CVMS. Registered in CVMS means the Recipient Record is created, and the COVID-19 Registration Form is complete.

Step 3 of 5: Review Recipient's Information

After clicking search, you will see your **RECIPIENT SEARCH RESULTS** populate underneath the Appointment Walk-In Tool. You will be able to view the Recipient's **NAME, DATE OF BIRTH (DOB), EMAIL, VACCINE PRODUCT NAME** (if they have already received a dose), **VACCINE DOSE STATUS**, and **DATE OF ADMINISTRATION** (if they have already received a dose).

Appointment Walk-In

You can search for eligible individuals by name, date of birth and email. Note that the system will search on exact matches only, no partial.

Tips

VACCINE DOSE STATUS indicates where a recipient is in their progress toward being vaccinated. Possible statuses include:

- REGISTERED
- DOSE 1 SCHEDULED
- DOSE 1 ADMINISTERED
- DOSE 1 CANCELLED
- DOSE 2 SCHEDULED
- DOSE 2 ADMINISTERED
- DOSE 2 CANCELLED
- ADDITIONAL DOSE/BOOSTER SCHEDULED
- ADDL DOSE/BOOSTER ADMINISTERED
- ADDL DOSE/ BOOSTER CANCELLED

Step 4 of 5: Create the Appointment Booking

Once you verified the recipient’s identity, you can officially **CREATE THEIR APPOINTMENT BOOKING**. This can occur for a recipient’s first dose, second dose, or an **ADDITIONAL DOSE / BOOSTER** if one is required.

- 1. In your **SEARCH RESULTS**, select the **CORRECT RECIPIENT RECORD**
- 2. Click **APPOINTMENT BOOKING** (you may also click the arrow to the right to select which specific appointment this is for – selecting a specific dose appointment will not affect which vaccine dose you may select during vaccine administration)
- 3. A message confirming the appointment booking was created will appear
- 4. Click **OK**

Audience

- Healthcare Provider
- Healthcare Location Manager
- Statewide Location Manager

Audience

- Healthcare Provider
- Healthcare Location Manager
- Statewide Location Manager

Tips

A Vaccine Administration cannot be documented in CVMS if the recipient is not registered in CVMS.

Registration is complete when the **COVID-19 Vaccine Registration** form is entered into CVMS. This can occur in the **COVID-19 VACCINE PORTAL** or the **CVMS PROVIDER PORTAL**.

Step 3 of 9: Search for the Recipient Record

After clicking search, the **RECIPIENT SEARCH RESULTS** will populate in either the **RECIPIENTS WITHIN CVMS** section, or the **RECIPIENTS FROM LONG TERM CARE/FEDERAL PHARMACY PROGRAMS** section

If there are **NO** results in the **RECIPIENTS WITHIN CVMS** section, or the **CORRECT** recipient cannot be found, this indicates that the recipient does not have a record in CVMS, and must be created on-site

Tips

For more information on how to handle recipient search results that appear in the **RECIPIENTS FROM LONG TERM CARE/FEDERAL PHARMACY PROGRAMS** section, please see the **Other Operations in Recipient Point of Care** portion of this User Guide.

Step 4 of 9: Ask the recipient to answer the COVID-19 Vaccine Registration Form

OPTION 1 – Register the recipient by filling out the COVID-19 Vaccine Registration form with the recipient

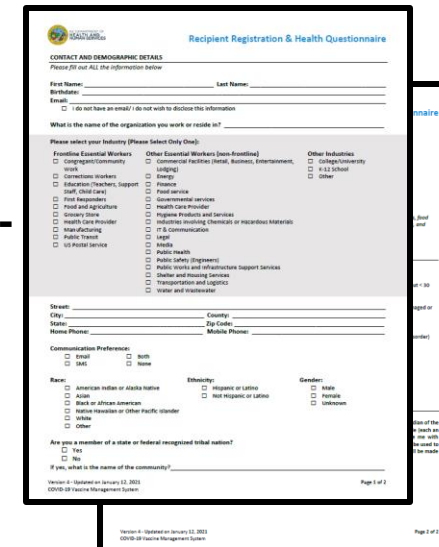

1. Click the **CREATE NEW RECIPIENT** button on the **RECIPIENT** tab to bring up a pop-up form, read the questions and type the recipient's answers

The screenshot shows the NCDHHS CVMS Provider Portal. The 'Recipient' tab is highlighted with a red box. Below the navigation bar, there is a search bar with a hint: 'Hint: For quicker and more relevant search results, enter full name (ex. John Smith) or email address and date of birth.' The 'Create New Recipient' button is also highlighted with a red box.

OPTION 2 – Ask the recipient to answer the questions on a Paper Copy

1. Instruct the recipient to fill out a paper copy of the COVID-19 Vaccine Registration form (the PDF file is available under the **HELP & INFORMATION TAB** or on the NC Immunization Branch website at [CVMS User Guides, Recorded Trainings and Upcoming Trainings | NC DHHS COVID-19](#) labeled as **RECIPIENT REGISTRATION AND COVID-19 VACCINE ADMINISTRATION FORM** (in English and Spanish)
2. Give the recipient a few minutes to fill the form
3. Click the **CREATE NEW RECIPIENT** button on the **RECIPIENT** tab to bring up a pop-up form

The screenshot shows the 'Recipient Registration & Health Questionnaire' form. It includes sections for 'CONTACT AND DEMOGRAPHIC DETAILS', 'Please select your industry (Please Select Only One)', 'Please select your profession (Please Select Only One)', 'Please select your ethnicity (Please Select Only One)', and 'Please select your gender (Please Select Only One)'. The form is titled 'Recipient Registration & Health Questionnaire' and includes a version number 'Version 4.0 - Updated on January 12, 2023'.

Cancel

Create Recipient

Fill in the required fields.

1. If the recipient cannot provide an email address, select the **NO EMAIL PROVIDED** checkbox. Please inform the recipient that in the absence of an email address, it will not be possible for them to connect to the COVID-19 Vaccine Portal and view their Vaccine Information PDF. You can however access the Vaccine Information PDF from the CVMS Provider Portal and print it for them if needed
2. Enter **BIRTHDATE**
3. Select **CREATE RECIPIENT**

Note: A recipient's first and last name must contain at least 2 characters. If you try to enter a patient's name with less than 2 characters. The system will raise a validation error.

Audience

- Healthcare Provider
- Healthcare Location Manager
- Statewide Location Manager

Step 6 of 9: Begin the recipient's COVID-19 Vaccine Registration

Once the recipient is created, a new browser tab will open for you to fill out the recipient's **COVID-19 Vaccine Registration** form using the paper copy the recipient filled out.

- 1. Review the information statement
- 2. Click **NEXT**

Vaccine Registration for: Fred NewRecipient

Introduction

Contact and Demographic Detail

Confirmation

COVID-19 Vaccination Registration

Please complete the registration form for COVID-19 vaccination, which should take less than 5 minutes to complete.

Information about your COVID-19 vaccination is carefully managed to protect your privacy. Your immunization information will not be shared except in accordance with state and federal law. NC CVMS is a system that enables the collection of immunization information for health and safety reasons. The immunization information collected for NC CVMS is similar to the information that is required when you go to the doctor's office or a pharmacy for a vaccination, including your name, address, date of birth, location where vaccine was given, when the vaccine was given, person who administered the vaccine, information about the specific vaccine vial (expiration date, vaccine identifier number, etc.) and how the vaccine was given (e.g., in the muscle of the right arm). NC CVMS also collects information about race and ethnicity, which is necessary to support efforts for equitable vaccine distribution in NC. To meet federal requirements established by the U.S. Centers for Disease Control and Prevention (CDC) and in accordance with NC state law, NC does not submit any identifiable information to CDC. Instead of the CDC requested identifying information, NC is currently submitting the vaccine recipient's year of birth (not date of birth), the first 3 digits of the vaccine recipient's zip code of residence (if the underlying population in that zip code includes more than 20,000 people) and the date of submission of the vaccination record. More information about federal CDC data requirements is available at: <https://www.cdc.gov/vaccines/covid-19/reporting/requirements/index.html>

Next

Step 7 of 9: Enter the Recipient's Demographic Information and Vaccine Group

- 1. Enter the recipient's demographic information, contact information, language, and disability as entered by the recipient on **COVID-19 Vaccine Registration form**

Tips

We strongly encourage recipients to provide a valid email address as it will give them access to the COVID-19 Vaccine Portal, from where they can download their Vaccine Information PDF.

If a recipient lives in an apartment or suite, use the optional **ADDRESS LINE 2** field.

Step 8 of 9: Submit the Recipient's Information

Review the information you entered from the paper copy of the **COVID-19 Vaccine Registration form**.

- 1. Validate that the information entered matches the information given by the recipient
- 2. To make changes, select **PREVIOUS**
- 3. If the information is correct, select **SUBMIT**

The screenshot shows the 'Vaccine Registration for: Fred NewRecipient' page. At the top, there's a navigation bar with 'Home', 'Recipient', 'Appointments', and 'Help & Information'. Below this is a progress bar with three steps: 'Introduction', 'Contact and Demographic Detail' (which is highlighted in green), and 'Confirmation' (highlighted in blue). The main heading is 'Confirm and submit to enroll'. Below this, it says 'Please review the information below and confirm that it is correct. Click submit to complete your registration.' The 'Background Information' section lists the following details: First Name: Fred, Middle Name: (blank), Last Name: NewRecipient, Address: 123 Main Street, City: Raleigh, County: Wake, State: North Carolina, Zip Code: 12345, Country: United States, Email: frednewrecipient@mailinator.com, Home Phone: (blank), Mobile Phone: (blank), The best way to contact you: None, Date of Birth (MM/DD/YYYY): 12/12/1944, Race: White, Ethnicity: Not Hispanic or Latino, Gender: Male, Preferred Language: English, and Disability: Neurological | Respiratory | Sensory (Vision or Hearing). At the bottom left is a 'Previous' button, and at the bottom right is a 'Submit' button, which is highlighted with a red rectangle.

Exception 2: Recipient Record is Created in CVMS, but Recipient did not Complete Registration

Step 1 of 7: Navigate to the CVMS Provider Portal Home Page

The process to register an existing recipient begins on the **HOME PAGE**. You will verify that the recipient's name does not appear in the **APPOINTMENT WALK-IN TOOL**. Similar to the previous scenario, this means that the recipient is either not registered or does not have a record.

Appointment Walk-In

Tips

If the recipient does appear in the **APPOINTMENT WALK--IN TOOL**, refer to **Standard Point of Care Walk-in Appointment** section of this User Guide.

Step 2 of 7: Search for the recipient

To check for the recipient's record, search for them in the **RECIPIENT** tab.

1. Navigate to the **RECIPIENT** tab
2. Enter the recipient's **NAME** (first name and last name) in the search bar, being sure to enter at least three characters to receive any results
3. To help narrow results, enter the recipient's **DATE OF BIRTH** or **EMAIL ADDRESS** in the appropriate field

Note: The Date of Birth field can only be used if there is a name or email address in the search bar, and cannot be used by itself

4. Click **SEARCH**

Tips

You will not be able to log a recipient vaccine administration if the recipient is not registered in CVMS.

Registration is complete when a recipient's answers to the COVID-19 Vaccine Registration form are entered into CVMS.

NCDHHS CVMS Provider Portal

Home **Recipient** Appointments Help & Information

Hint: For quicker and more relevant search results, enter full name (ex. John Smith) or email address and date of birth.

Confirmation

COVID-19 Vaccination Registration

Please complete the registration form for COVID-19 vaccination, which should take less than 5 minutes to complete.

Information about your COVID-19 vaccination is carefully managed to protect your privacy. Your immunization information will not be shared except in accordance with state and federal law. NC CVMS is a system that enables the collection of immunization information for health and safety reasons. The immunization information collected for NC CVMS is similar to the information that is required when you go to the doctor's office or a pharmacy for a vaccination, including your name, address, date of birth, location where vaccine was given, when the vaccine was given, person who administered the vaccine, information about the specific vaccine vial (expiration date, vaccine identifier number, etc.) and how the vaccine was given (e.g., in the muscle of the right arm). NC CVMS also collects information about race and ethnicity, which is necessary to support efforts for equitable vaccine distribution in NC. To meet federal requirements established by the U.S. Centers for Disease Control and Prevention (CDC) and in accordance with NC state law, NC does not submit any identifiable information to CDC. Instead of the CDC requested identifying information, NC is currently submitting the vaccine recipient's year of birth (not date of birth), the first 3 digits of the vaccine recipient's zip code of residence (if the underlying population in that zip code includes more than 20,000 people) and the date of submission of the vaccination record. More information about federal CDC data requirements is available at:
<https://www.cdc.gov/vaccines/covid-19/reporting/requirements/index.html>

Tips

We strongly encourage recipients to provide a valid email address as it will give them access to the COVID-19 Vaccine Portal, from where they can download their Vaccine Information PDF.

If a recipient lives in an apartment or suite, use the optional **ADDRESS LINE 2** field.

Step 6 of 7: Submit the Recipient's Information

Review the information you entered from the paper copy of the recipient's **COVID-19 Vaccine Registration form**.

- 1. Review that the information entered matches the information given by the recipient
- 2. To make changes, select **PREVIOUS**
- 3. If the information is correct, select **SUBMIT**

The screenshot shows the 'Vaccine Registration for: Jill W NotRegistered' page. At the top, there's a navigation bar with 'Home', 'Recipient', 'Appointments', and 'Help & Information'. Below this is a progress bar with three steps: 'Introduction', 'Contact and Demographic Detail', and 'Confirmation'. The 'Confirmation' step is highlighted in blue. Below the progress bar, there's a link 'Confirm and submit to enroll' and a message: 'Please review the information below and confirm that it is correct. Click submit to complete your registration.'

Exception 3: Looking Up A Recipient Who Received Their First Dose Through a Long-Term Care Facility or Federal Partnering Pharmacy

Step 1 of 5: Navigate to the Recipient Tab

The federal government has an agreement with pharmacy partners (e.g., CVS, Walgreens) to vaccinate Long Term Care Facility and Nursing Homes residents and staff. These pharmacy partners and other Federal Pharmacy Programs do not use CVMS, but instead upload their vaccination records directly to the CDC.

Even if a recipient received their first dose through a pharmacy partner, they could receive their second dose from a healthcare provider enrolled in CVMS. To vaccinate them, you will have to register them following **EXCEPTION 1** instructions. Note that CVS and Walgreens share some data with CVMS, and you can verify the recipient first dose record before administering a second dose within CVMS if you wish to confirm what product they received and if enough time passed since their first dose.

- 1. Begin by navigating to the **RECIPIENT** tab from the CVMS Provider Portal Home Page.

Tips

It is possible that the recipient has a result in both the **RECIPIENTS WITHIN CVMS** and the **RECIPIENTS FROM LONG TERM CARE/FEDERAL PHARMACY PROGRAMS** section. A search result in the first section means they have a record in CVMS. A search result in the second section means they received a vaccine dose through a Federal Pharmacy Partner.

Step 3 of 5: Search for the Recipient

- 1. Locate the **CORRECT** recipient in the **RECIPIENTS FROM LONG TERM CARE/FEDERAL PHARMACY PROGRAMS** section of the search results
- 2. The recipient may also appear as a search result in the **RECIPIENTS WITHIN CVMS** section. In that instance, note the **RECIPIENT DOSE STATUS** to see if CVMS has a record of the recipient's first dose
- 3. Click on the recipient's name in the **RECIPIENTS FROM LONG TERM CARE/FEDERAL PHARMACY PROGRAMS** section

Vaccine Consent and Medical History

Vaccination Consent

COVID-19 Vaccine Emergency Use Authorization (EUA)

For each COVID-19 vaccine authorized under an Emergency Use Authorization (EUA), the Food and Drug Administration (FDA) requires that vaccine recipients or their caregivers are provided with certain vaccine-specific EUA information to help make an informed decision about vaccination.

☐ * Consent: The individual receiving the vaccine or their authorized representative was provided information consistent with the "Fact Sheet for Recipients and Caregivers" and consent was obtained prior to receiving the COVID-19 vaccine. Consent may be verbal, except written consent from a parent or legal guardian is required for a minor to receive a vaccine that is under emergency use authorization for the minor's age group.

Step 5 of 10: Provide the Vaccine Information Sheet / EUA Fact Sheet

Before you administer the COVID-19 vaccine, you must also **PROVIDE** the **VACCINE INFORMATION SHEET OR EMERGENCY USE AUTHORIZATION (EUA) FACT SHEET** and the **V-SAFE INFORMATION SHEET** to the recipient or guardian.

1. Obtain copies of the Vaccine Information Sheet / EUA Fact Sheet at this website
 - a. Pfizer (Vaccine Information Fact Sheet): <https://www.fda.gov/media/144414/download>
 - b. Moderna (EUA Fact Sheet): <https://www.fda.gov/media/144638/download>
 - c. Janssen (EUA Fact Sheet): <https://www.fda.gov/media/146305/download>
2. Obtain copies of the V-safe Information Sheet at this website:
https://immunize.nc.gov/providers/ncip/pdf/v_safe_poster_508.pdf
3. Provide the recipient or guardian with the Vaccine Information / EUA Fact Sheet prior to vaccination.
4. Ask the recipient if they have any questions about the risks and benefits of receiving the COVID-19 vaccine.
5. Counsel the recipient on the importance of enrolling in V-safe to report any adverse events following vaccination.

Vaccination Details

Medical History

If your recipient has already **RECEIVED A DOSE** of the COVID-19 vaccine through a CVMS Provider, you will see a summary of the dose details in the **VACCINATION LOG** at the top of the **VACCINE ADMINISTRATION PAGE**.

Dose Details will include:

- Dosage (1st, 2nd, Additional)
- Date and Time
- Administered By
- On Behalf Of (Clinician)
- Location
- Vaccine Inventory
- Vaccine Product
- Lot Number

Alternately, if a recipient received a dose outside of a CVMS provider (e.g., out of state, through a Federal Pharmacy Partner), the dose will not appear in the **VACCINATION LOG**. You may still mark the administration as a **SECOND** or **ADDITIONAL DOSE / BOOSTER**. In that instance, a warning label will appear at the top of the screen prompting you to verify the selection.

Audience

- Healthcare Provider
- Healthcare Location Manager
- Statewide Location Manager

Tips

Verify if a prior dose was given to the recipient.

Selecting **SECOND DOSE** will put the recipient into **DOSE 2 ADMINISTERED** status.

Selecting **ADDITIONAL DOSE / BOOSTER** will put the recipient into **ADDITIONAL DOSE / BOOSTER ADMINISTERED** status.

Warning

Please verify the recipient has received their first dose before choosing Second Dose.

Step 8 of 10: Enter Vaccine Administration Details

Vaccination Details

* Injection Site

1:41 PM

On Behalf of (Clinician)

-- Select Vaccine Administrator --

On the **VACCINE ADMINISTRATION** page, you will capture all **VACCINE DETAILS**.

- Populate all **REQUIRED** vaccination details
1. Injection Site
 2. Dose (See [ENTER AN ADDITIONAL DOSE / BOOSTER ADMINISTRATION](#) section for further considerations)
 3. Route
 4. Date & Time of Vaccination (This field will default to the current date and time, but can be edited to record a vaccine administered in the past)

Note: The field **ON BEHALF OF (CLINICIAN)** allows you to enter information on behalf of another clinician who administered the COVID-19 vaccine.

Audience

- Healthcare Provider
- Healthcare Location Manager
- Statewide Location Manager

Tips

Use the drop-down for the **ON BEHALF OF (CLINICIAN)** field and type the first letter of the clinician’s name.

If the individual completing the form is the person who administered the vaccine, **DO NOT ENTER** anything in the **ON BEHALF OF (CLINICIAN)** field.

Step 9 of 10: Enter Vaccine Administration Details

* Vaccine Product

Pfizer-BioNTech (195 MDV) COVID-19 Vaccine

* Manufacturer

Pfizer-BioNtech

* Available Vaccine Inventory

Expiration 1/13/2021 8:30 (Exp. Date: 1/13/2021) (Lot No: 100)

Jan 13, 2021

Notes

No notes to report.

Previous

- Continue populating all **REQUIRED** vaccination details
 - Vaccine Product (Vaccine Type)
 - Available Vaccine Inventory (what lot?)

Note: If you select a **SINGLE-DOSE** vaccine product, you must select **FIRST DOSE**, otherwise you will receive an error.

- Enter any additional notes that are relevant in the **NOTES** text field
- REVIEW ALL VACCINE DETAILS**
- Click **NEXT**

*If you are administering a second dose or additional dose of COVID-19 vaccine, please be sure to confirm the COVID-19 vaccine is from the **SAME MANUFACTURER** as the first COVID-19 vaccine dose.*

Audience

- Healthcare Provider
- Healthcare Location Manager
- Statewide Location Manager

Tips

MANUFACTURER, LOT NUMBER, SERIAL NUMBER, NDC NUMBER and **EXPIRATION DATE** will **AUTO POPULATE** once you select the Product and Available Vaccine Inventory.

Step 10 of 10: Finish an Appointment

If you have administered a **SINGLE-DOSE** product of this is a second dose appointment, you will be routed back to the **HOME PAGE**.

If you have administered the first dose of a **TWO-DOSE** product, you will be routed to the **SCHEDULE FOLLOW-UP** page. This page will remind you to tell the recipient to schedule their second dose appointment. You can click **FINISH APPOINTMENT** to close the appointment and bring up the **HOME PAGE**.

*If the recipient used the scheduling feature in CVMS to book their first appointment, you will see a button labeled **BOOK SECOND DOSE** on this page. See the **SCHEDULE A SECOND DOSE APPOINTMENT** section for more details on that process.*

Tips

Healthcare Providers can only update Vaccine Administration details for recipients who received their COVID-19 vaccine through the same location as the Healthcare Provider.

Step 2 of 8: Locate Recipient

Clicking on the Appointments tab takes you to a list view of all Appointments for your location. Verify that you are currently logged in to the same location that the recipient received their vaccine.

Tips

The **APPOINTMENTS** tab will default to show you appointments that were scheduled for the same day you are logged in.

Step 3 of 8: Select Appointment to be Updated

To begin editing the details of the **VACCINE ADMINISTRATION**, you must first locate the correct **APPOINTMENT RECORD**.

- 1. Enter the name of the recipient in the Search field, and adjust the date range to capture the date of the appointment that needs updating
- 2. Click **SEARCH**
- 3. Click the **CORRECT APPOINTMENT RECORD** for the recipient. The correct record will be the one that shows a **VACCINE STATUS** as either **DOSE 1 (or 2) ADMINISTERED** or **ADDITIONAL DOSE / BOOSTER ADMINISTERED**

Step 5 of 8: Edit Vaccine Administration Details

The **VACCINE ADMINISTRATION** details will now appear as editable fields. As you edit fields, they will highlight yellow to indicate that you've made a change.

1. Edit any of the following fields to the correct information:

- Date / Time of Vaccination
- Injection Site
- Route
- Administered By
- On Behalf of (Clinician)
- Notes

2. Do not edit any of the following fields:

- Account Name
- Cancellation Reason
- Appointment Date / Time
- Case Owner

3. Click **SAVE**

The screenshot shows a web form for editing vaccine administration details. The form is divided into several sections. The top section includes 'Case Number' (03045296), 'Vaccine Status' (Dose 1 Administered), 'Account Name' (Solutions Loc1), 'Vaccine' (Moderna (10 MDV) COVID-19 Vaccine), 'Name' (Vaccine AdminTest), and 'Vaccine Inventory' (444444 Delivery 07/08/2021). The middle section includes 'Appointment DateTime' (Date: 7/21/2021, Time: 1:17 PM), 'Date and Time of Vaccination' (Date: 7/21/2021, Time: 1:17 PM), 'Vaccine Dosage' (First Dose), 'Injection Site' (Right Deltoid), 'Route' (Subcutaneous (SQ)), 'Adverse Reaction Consent' (checked), 'Schedule Dose2 Followup Email' (unchecked), 'Cancellation Reason' (--None--), 'Cancellation Description', 'Administered by' (Steve Digangi), 'On Behalf of (Clinician)' (Search Contacts...), 'Cancelled by System via Batch Job' (unchecked), 'State Sponsored Contract' (unchecked), and 'Additional Vendor Type (SSC)' (unchecked). The 'Save' button is highlighted with a red box.

Post-Vaccine Administration Reminders

Post Vaccine Administration Reminders

After recipients received a first dose, they will receive **TWO (2) SECOND DOSAGE REMINDER NOTIFICATIONS** of the timing requirements for the second dosage:

1. The first reminder is **24 HOURS** after
2. The second is **ONE WEEK AFTER** the first dosage is administered.

Booster dose notifications are also sent to recipients 2 weeks before they become eligible. Notifications are sent by email, text message, or both depending on the choices the recipient made at registration.

Booster Dose Notifications Sent By Email

Moderna

YOU HAVE A
SPOT. | TAKE YOUR
SHOT.

Anyone 18 and older who received the Moderna COVID-19 vaccination can now receive a booster vaccination at least 6 months after [receiving their second dose](#).

The Moderna booster is a smaller dose than what is given in the first two shots. Be sure to let your provider know you want the booster.

Booster shots strengthen and extend protection against infection, severe illness, hospitalization and death from COVID-19. They are a part of the COVID-19 vaccination effort that has saved thousands of lives with tested, safe and effective vaccines.

Booster vaccinations are now available to all North Carolinians 18 and older. Go to [MySpot.nc.gov/booster-m](https://myspot.nc.gov/booster-m) to find out more about the COVID-19 boosters and to find a vaccine location near you. You do not need to get your booster dose at the same location you received prior doses. Your vaccine provider will ask questions about your previous COVID-19 vaccinations to make sure you get the right booster at the right time. Please have your vaccine information with you. Need a copy of your vaccine information? [Learn more](#) or call 888-675-4567.

Mandy Cohen, MD, MPH

Secretary, NC Department of Health and Human Services

J&J

YOU HAVE A
SPOT. | TAKE YOUR
SHOT.

The Food and Drug Administration (FDA) has authorized and the Centers for Disease Control and Prevention (CDC) now recommends that individuals can receive a COVID-19 booster vaccination of their Johnson & Johnson vaccine 2 months following their initial dose.

Additionally, individuals are now able to receive any brand of COVID-19 vaccine for their booster shot. Some people may have a preference for the vaccine type that they originally received and others may prefer to get a different booster. Limited preliminary evidence suggests that booster doses of one of the two mRNA vaccines—Moderna or Pfizer-BioNTech—more effectively raise antibody levels than a booster dose of the Johnson & Johnson vaccine. NC DHHS encourages you to speak with a doctor, nurse or pharmacist if you have questions about what booster is right for you.

Booster shots strengthen and extend protection against infection, severe illness, hospitalization and death from COVID-19. They are a part of the COVID-19 vaccination effort that has saved thousands of lives with tested, safe and effective vaccines.

Go to <https://myspot.nc.gov/booster-j> to find out more about the COVID-19 boosters and to find a vaccine location near you.

You do not need to get your booster dose at the same location you received prior doses. Your vaccine provider will ask questions about your previous COVID-19 vaccinations to make sure you get the right booster at the right time. Please have your vaccine information with you.

Mandy Cohen, MD, MPH

Secretary, NC Department of Health and Human Services

Tips

Any changes you make to a recipient’s record will also be reflected when the recipient logs in to the COVID-19 Vaccine Portal.

Change the Recipient of a Vaccine Administration

Step 1 of 5: Navigate to Recipient Tab

When a **HEALTHCARE PROVIDER** enters Vaccine Administration details for the wrong **RECIPIENT**, the Healthcare Provider must change the recipient for the entered Vaccine Administration details.

To begin, navigate to the **RECIPIENT** tab.

Tips

The status of the incorrect recipient will be reverted to their previous status, (e.g., 'Dose 1 Administered' will revert to 'Registered').

The correct recipient's status will be updated to reflect the administered vaccine (e.g., updated from 'Registered' to 'Dose 1 Administered').

Remove Vaccine Administration

Step 1 of 5: Navigate to Recipient Tab

When a **HEALTHCARE PROVIDER** enters Vaccine Administration details erroneously and the Vaccine Administration needs to be completely cleared from CVMS, the Healthcare Provider must **REMOVE** the Vaccine Administration details.

To begin, navigate to the **RECIPIENT** tab.

Audience

Healthcare
Location
Manager

Tips

Healthcare Location Managers can only remove Vaccine Administration for recipients who received their COVID-19 vaccine through the same location as the Healthcare Provider.

Enter an Additional Dose / Booster Administration

Additional Dose / Booster Considerations

When selecting which dose the recipient is receiving, you have the option of choosing **ADDITIONAL DOSE / BOOSTER**. The **ADDITIONAL DOSE / BOOSTER** selection should be used when a recipient is getting any administration of a COVID-19 vaccine **AFTER THE SECOND DOSE**. If you select **ADDITIONAL DOSE / BOOSTER** for a recipient who does not have a Dose 2 recorded in CVMS, you will see a warning message appear at the top of the screen.

A recipient may receive a vaccine administration of **DOSE 1, DOSE 2**, and multiple **ADDITIONAL DOSE** administrations until there are **SIX** total administrations. Once they have received six total administrations, the recipient will not be able to book another appointment or have another vaccine administration logged into CVMS.

The screenshot shows the NCDHHS CVMS Provider Portal interface. At the top, a warning message is displayed in an orange box: "Warning: Please verify the recipient has received their Second Dose before choosing Additional Dose." Below the navigation bar, the "Vaccine Administration" section is active. In the "Vaccination Details" panel, the "Injection Site" dropdown is set to "--Select Injection Site--". At the bottom of this panel, three buttons are visible: "Dose 1", "Dose 2", and "Additional Dose Selected". The "Additional Dose Selected" button is highlighted with a red border. To the right, the "Medical History" panel shows "Appointment: Test", "DOB: Jun 8, 2005", "Age: 16", and "Gender: Male".

Tips

Please review the CDC website at <https://www.cdc.gov/coronavirus> for the most up-to-date information regarding the guidance for additional doses.

For more detailed clinical guidance, please visit: <https://www.cdc.gov/vaccines/covid-19/clinical-considerations/covid-19-vaccines-us.html>

Janssen (J&J) Additional Dose / Booster

Once appropriate guidance is provided by the CDC and NCDHHS for administering Janssen (J&J) additional dose/boosters, CVMS will allow the additional dose/booster administration to be recorded. A message will now display on the Vaccine Administration screen under **VACCINE DETAILS** directing providers to enter the administration as **DOSE 2/SECOND DOSE** until further notice.

Moderna Additional Dose / Booster

Moderna’s booster vaccine is 50% of the regular dose. If the **VACCINE PRODUCT** selected is Moderna, CVMS will generate a **VACCINE DOSE AMOUNT** box where a provider must select whether a full dose or a half dose was administered.

Note: Recipients who received Moderna and are moderately to severely immunocompromised are recommended to receive a full dose of the Moderna vaccine as an additional dose to their original two dose series.

Enter Dose Administration Records Out of Order

Out of Order Dose Considerations

On rare occasions, a recipient will already have the vaccine administration details logged for a second dose before the first dose has been entered into CVMS. When that occurs, the vaccinating provider can retroactively log the first dose if the first dose was administered by the same provider location.

The screenshot shows the NCDHHS CVMS Provider Portal interface. At the top, there's a navigation bar with 'Home', 'Recipient', 'Appointments', 'Locations', and 'Bulk Registration'. Below this is a 'Vaccination Log' table with columns for 'Dose Details', 'Date & Time', 'Administered By', and 'On Behalf Of (Cli...)'. A row in the log shows 'Second Dose', 'Sep 7, 2021, 01:27:52 ...', and 'Steve DiGangi', which is highlighted with a red box. Below the log is the 'Vaccination Details' section. It includes a dropdown for 'Injection Site' (currently showing '--Select Injection Site--'), three buttons for 'Dose 1', 'Dose 2', and 'Additional Dose' (with 'Dose 1' highlighted by a red box), radio buttons for 'Route' (Intramuscular (IM), Subcutaneous (SQ), Intradermal (ID)), and fields for 'Date and Time of Vaccination' (Date: Sep 7, 2021, Time: 1:28 PM).

To log the **DOSE 1** vaccine administration details:

1. Use the **APPOINTMENT WALK-IN TOOL** to book an appointment for the recipient
2. Begin logging vaccine administration details, and select the **DOSE 1** button (the **DOSE 2** button will be grayed out, and **DOSE 2** details will appear at the top of the screen)
3. Correct the date and time to the date of administration
4. Verify the other vaccine administration details, and submit the administration

Automated Cancellation

There are a few scenarios that may result in an automatic cancellation:

- if a recipient is manually added to **TODAY'S APPOINTMENTS** but does not complete their appointment within 72 hours, the appointment will be **AUTOMATICALLY** cancelled, and their Dose Status will update to **DOSE 1 CANCELLED, DOSE 2 CANCELLED, or ADDITIONAL DOSE / BOOSTER CANCELLED**).
- if a recipient creates multiple scheduled appointments (for example at different locations in hopes of being vaccinated as quickly as possible), all the remaining appointments will be automatically cancelled as soon as one of the appointments is changed to a **DOSE 1 ADMINISTERED, DOSE 2 ADMINISTERED, OR ADDITIONAL DOSE / BOOSTER ADMINISTERED** status

The screenshot displays the NCDHHS CVMS Provider Portal interface. The 'Recipient' tab is selected in the top navigation bar. The 'Person Account' section shows 'Mr. Test Data' with fields for Birthdate, Gender (Male), Mobile, Email, and Recipient Dose Status (Dose 1 Canceled). The 'RELATED' tab is also selected, showing a table of appointments. The first appointment, with ID 08705594, is highlighted with a red box and shows a status of 'Dose 1 Canceled'.

View Appointment / Cancellation History

To view a record of a recipient’s appointment history, navigate to the Recipient tab, locate the recipient’s record, and select **RELATED** tab. The recipient’s appointment records will appear. Selecting an appointment record will bring up the details of that appointment, including a **CANCELLATION REASON** if applicable.

Schedule a First Dose Appointment

Step 1 of 8: Search for the Recipient Record

As a provider, you can schedule a first dose appointment using the scheduling feature in CVMS. To do so, **you must first confirm that the recipient is registered in CVMS.**

Once confirmed, you can begin the scheduling process from the CVMS Provider Portal.

- 1. To begin, click the **RECIPIENT** tab
- 2. **SEARCH FOR THE RECIPIENT** with their name and/or date of birth
- 3. Confirm their Recipient Dose Status is **REGISTERED**
- 4. If the recipient is registered, **open the recipient record**

Audience

131

Step 2 of 3: Select a Date and Time

The scheduling feature in CVMS will appear in a new tab and will **default to the same location as the first dose** appointment. If the recipient needs to change the location, the new provider location must book the appointment for the recipient.

1. Select a date for the second dose

NOTE: The first available date for a second dose is based upon the product the recipient received for their first dose (21 days or 28 days). For example, if a recipient was vaccinated with Pfizer with a recommended 21-day interval for their second dose, the earliest possible appointment for their second dose would be 21 days after their first dose. However, the recipient should be scheduled as close to the recommended interval as possible.

2. Select an available time slot for the second dose

Schedule Dose 2

2110 Blue Ridge Rd, Raleigh, North Carolina 27607 [Change](#)

Now that you have received your first dose, please choose a time for your follow up appointment.

Tips

You will not be able to schedule an appointment too early. The scheduling feature in CVMS will show you the correct timeline for the vaccine your recipient received.

Step 3 of 3: Confirm Appointment

Now, you will complete the 2nd dose appointment booking.

- 1. Click **COMPLETE APPOINTMENT**
- 2. Review the details of the scheduled appointment
- 3. The recipient will only receive a reminder notification if they provided an email and/or phone number and agreed to reminders when they scheduled their 1st dose appointment

Schedule Dose 2

2110 Blue Ridge Rd, Raleigh, North Carolina 27607 [Change](#)

Now that you have received your first dose, please choose a time for your follow up appointment.

Tips

You will not be able to change the location of the appointment through the appointment confirmation email.

You must cancel the appointment and the new location must schedule the appointment for the recipient.

The confirmation code for the 2nd dose appointment is the same as the confirmation code for the 1st dose appointment.

Search Scheduled Appointments

Step 1 of 5: Navigate to Appointments Tab

Periodically, you may want to verify how many appointments have been scheduled for a specific day or period. Searching for upcoming appointments can be done from the Appointments Tab.

- 1. To begin, navigate to the **APPOINTMENTS** tab.

Tips

The ability to cancel 20 appointments at a time can be particularly helpful if you have a capacity issue and need to quickly cancel some appointments for the day that cannot be reassigned.

Step 4 of 5: Provide Cancellation Reason and Cancel Appointment

If the appointment was made through the scheduling feature in CVMS *and* the Recipient opted “in” for receiving text and/or email notifications, they will be notified of the cancellation.

- 1. Input a reason for cancelling the appointment(s) from the drop-down menu (you may optionally add a cancellation description in the free text field)
- 2. Click the **CANCEL APPOINTMENT** button to confirm the cancellation

Note: *If the recipient did not sign up for text and/or email notifications as their preferred method of contact, they will not know that the appointment has been cancelled.*

Audience

Healthcare
Provider

Healthcare
Location
Manager

Tips

You may want to follow up with a call to the recipient even if they have signed up to receive notifications just to make sure they saw the cancellation.

Tips

You may need to reschedule the appointment if the recipient has not already received their vaccination. **If they did *not* sign up for the text and/or email notifications, they will not receive a booking confirmation.**

Automatic Cancellations

There are a few scenarios that may result in an automatic cancellation:

1. If a Recipient appears in **TODAY'S APPOINTMENTS** (either through the Appointment Walk-In process or due to a scheduled appointment) but does not complete their appointment within 72 hours, the appointment will be **AUTOMATICALLY** cancelled, and their Dose Status will update to **DOSE 1 (or 2 or ADDITIONAL DOSE / BOOSTER) CANCELLED**.
2. If a Recipient creates multiple appointments (for example at different locations in hopes of being vaccinated as quickly as possible), all the remaining appointments will be automatically cancelled as soon as one of the appointments is changed to an **ADMINISTERED** status.
3. Providers using CVMS Direct (Electronic Health Record system integration with CVMS) may also notice cancelled appointments appearing in the system. Those appointments are created during the integration process and will be automatically cancelled and marked as **DUPLICATE** as they are a replica of the scheduled appointment.

Appendix

CVMS Steps For Providers

- ✓ Step 1 - Register your organization
- ✓ Step 2 - Register each vaccine location and all prescribing providers who will administer vaccine
- ✓ Step 3 - Obtain NCID credentials
- ✓ Step 4 - Create user accounts for your organization's CVMS users
- ✓ Step 5 - Navigate the CVMS Provider Portal
- ✓ Step 6 - Receive and manage vaccine inventories
- ✓ Step 7 - Add locations to the find a vaccine location website
- ✓ Step 8 - Invite recipients to register in the COVID-19 Vaccine Portal
- ✓ Step 9 - Invite recipients to self-schedule their appointments (optional)
- ✓ Step 10 - Check-in recipients and document vaccination

Additional Notes

Key Items:

Hyperlinks appear as light blue and will provide additional information or navigation.

* **Asterisks** are used to denote required information.

 A Toggle can be clicked to see selectable options.

 A Pen can be clicked to make edits to the field.

  Navigation Buttons can be clicked on to progress to the “next” or the “previous” step in a task.

 A Pause button can be clicked if you wish to step away / and return to your form later. You will be prompted to review your previously entered data upon your return/ login.

Supported Web Browsers:

- Please use the latest version of Chrome, Firefox, Safari, or Edge browsers to access CVMS.
- For more information on supported browsers, see https://help.salesforce.com/articleView?id=getstart_browsers_sfx.htm&type=5
- Note: Internet Explorer and older versions of Edge browsers are not compatible with CVMS.
